REMARKS/ARGUMENTS

Applicants would like to thank the Examiner for the careful consideration given the present application. The application has been carefully reviewed in light of the Office Action, and amended as necessary to more clearly and particularly describe the subject matter that applicants regard as the invention.

Claim 1 has been amended.

The Examiner objected to the drawings because boxes in FIG. 3 were not sufficiently labeled. Appropriate amendments have been made to the drawing.

The Examiner objected to the Title of the Invention for allegedly reciting "Wirele s Microphone." Applicants respectfully submit that the Title of the Invention as filed is "Wireless Microphone." See application page 1, line 1. No amendment to the specification has been made.

Claims 1-5 and 7-10 were rejected as unpatentable over Liu in view of Braitberg. Amended claim 1 recites, "wireless microphone comprising a radio transmitter for transmitting radio signals carrying audio signals to a hearing aid..." Neither Liu nor Braitberg teach or suggest the noted limitations. More specifically, neither reference teaches or suggests transmitting signals to *a hearing aid*. Therefore, claim 1 is allowable over the cited references. Claims 2-5 and 7-10 depend from claim 1 and, therefore, are also allowable over the cited references.

Claim 6 was rejected as unpatentable over Liu in view of Braitberg and further in view of Safadi. Claim 6 depends from allowable claim 1 and, therefore, is also allowable.

In light of the foregoing, it is respectfully submitted that the present application is in condition for allowance and notice to that effect is hereby requested. If it is determined that the

application is not in condition for allowance, the Examiner is invited to initiate a telephone interview with the undersigned attorney to expedite prosecution of the present application.

If there are any additional fees resulting from this communication, please charge same to our Deposit Account No. 16-0820, our Order No. 36182.

Respectfully submitted,
